

INTERVENTION IN RUSSIA 1918-1920

This catalogue comprises books from the Library of the late Ramsey McWhirter, a Cambridge graduate who as a Professor taught Russian Studies at Edinburgh University. He built up the Library over a considerable period and it represents, in our opinion, the most significant collection covering the Russian Intervention period to become available for many years. Some titles from the Russo-Japanese War and Great War etc., have also been included. Many of the titles are extremely rare and the overall condition, particularly for a working collection, is exceptionally good.
